## Re: Freedom of Information Request FOI-000405-2016 Request Granted

*Dear*

I refer to the Freedom of Information Act 2014 and your submission to An Garda Síochána dated 29<sup>th</sup> October 2016 and received on 10<sup>th</sup> November 2016.

Part 1(n) of Schedule 1 of the Freedom of Information Act 2014 states that An Garda Síochána is listed as a partially included agency “insofar as it relates to administrative records relating to human resources, or finance or procurement matters”. Therefore, only administrative records that relate to human resources, finance or procurement shall be considered.

Your request is shown below:

- 1: “Copies of documents for year 2012 to present detailing how much has been made each year from speed camera operations in vans around the country.*
- 2: A list of location across the country which demonstrates the top-earning speed camera and a list of locations where cameras are showing less activity.”*

I understand that following discussions with a member of my staff your request was amended to relate to the safety cameras operated by the GoSafe Consortium.

I have now made a final decision to grant your request on 7<sup>th</sup> December, 2016.

The purpose of this letter is to explain my decision.

Excessive speed has been identified as a factor in one (1) in three (3) fatal road traffic collisions. Safety cameras operate in locations, or speed enforcement zones, which have been identified as ‘high-risk’ areas for speed-related road traffic collisions. Prior to the introduction of safety cameras, approximately 31% of fatal collisions occurred in these zones.

Four (4) years after the deployment of Garda mobile safety cameras An Garda Síochána commenced a collision analysis of the road network, based on collision data, the objective of which was to identify new speed enforcement zones not currently being monitored, and to remove those zones which were no longer considered ‘high risk’ locations. When this analysis was completed, 355 new speed enforcement zones were identified:

- 7% were on Local roads,
- 54% on Regional roads,
- 32% on National roads
- 7% on Motorways

49 zones were removed as no road traffic collisions had been recorded on these sections of road during the period under consideration.

Since May 2016 there are **1,031** speed enforcement zones nationwide where safety cameras are deployed in a fleet of high-visibility marked vehicles. The enforcement zones are identified on the Garda website, [www.garda.ie](http://www.garda.ie)

In 2015 the number of fatal road traffic collisions occurring in identified high-risk locations reduced to 14%, which shows a dramatic reduction, in terms of risk in these areas, and reflects a huge increase in terms of road safety compliance.

The focus of the Safety Camera operations is on enforcing legislation with a goal of saving lives. The system was never envisaged as a revenue raising exercise which is borne out in “Life Savers Not Revenue Raisers - Safety Cameras In Ireland: A Cost Benefit Analysis” by Derek Rafferty which is available on the RSA website at: <http://www.rsa.ie/Documents/Road%20Safety/Crash%20Stats/Safety%20Cameras%20in%20Ireland.pdf>

## **1. Findings, particulars and reasons for decision**

Details of the first part of your request were forwarded to the Finance Directorate within An Garda Síochána who conducted a search of their records and have provided the total receipts arising from the GoSafe safety camera programme.

The current legislation for the FCN process allows for the payment of the fixed charge within 28 days of issue of the notice. If payment is not made in this period, an increased charge may be paid within a further 28 day period.

These payments are collected on behalf of An Garda Síochána by An Post. The payments received are used to offset the costs of the outsourced speed cameras contracts. In the event that the income from FCNs exceeds the costs of the contracts the excess is returned to the Exchequer.

If payment of the FCN is not made within the allowable period, court proceedings are initiated by way of summons application. Any fines arising from the court proceedings are not received by An Garda Síochána.

**Table A: GoSafe Receipts**

2012 €	2013 €	2014 €	2015 €	2016 € (Jan – Sep)
4.6m	4.4m	6.6m	7.5m	4.7m

With regard to the second part of your request seeking “A list of location across the country which demonstrates the top-earning speed camera and a list of locations where cameras are showing less activity.” I refer you to Appendix A and B which identifies the locations which gathered the highest and lowest receipts, based on paid fines, for detections within the given year.

Details of the current GoSafe Locations are available on the Garda website at <http://www.garda.ie/GoSafe.htm>

## **2. Rights of appeal**

In the event that you are not happy with this decision you may seek an Internal Review of the matter by writing to the address below and quoting reference number **FOI-000405-2016**

**You must ensure that your FOI reference number (FOI-000405-2016) is included in the payment details.**

You should submit your request for an Internal Review within 4 weeks from the date of this notification. The review will involve a complete reconsideration of the matter by a more senior member of An Garda Síochána and the decision will be communicated to you within 3 weeks. The making of a late appeal may be permitted in appropriate circumstances.

Please be advised that An Garda Síochána replies under Freedom of Information may be released in to the public domain via our website at [www.garda.ie](http://www.garda.ie).

Personal details in respect of your request will be removed to protect confidentiality where applicable.

Should you have any questions or concerns regarding the above, please contact me by telephone at (046) 9036350.

Yours sincerely,
