## Re: Freedom of Information Request FOI-000289-2021 Request Part-Grant

*Dear*

I refer to your request, dated and received on 25<sup>th</sup> August, 2021 which you have made under the Freedom of Information Act 2014 (FOI Act) for records held by An Garda Síochána.

Part 1(n) of Schedule 1 of the FOI Act states that An Garda Síochána is listed as a partially included agency "insofar as it relates to administrative records relating to human resources, or finance or procurement matters". Therefore, only administrative records that relate to human resources, finance or procurement shall be considered.

Your request sought:

*In accordance with the above Act, I wish to request the following records which I believe to be held by An Garda Síochána. I request this information in digital soft copy.*

- 1) Copies of inspection reports, service reports, and all other documentation including invoices provided by pest control companies in relation of services supplied to An Garda Síochána during 2020 and to date in 2021 for all Garda stations in County Monaghan.*
- 2) Copies of inspection reports, service reports, and all other documentation including invoices provided by pest control companies in relation of services supplied to An Garda Síochána during 2020 and to date in 2021 for all Garda stations in County Cavan.*

*I look forward to hearing from you in the time period prescribed online.*

I wish to inform you that I have decided to part-grant your request on the 17<sup>th</sup> September 2021.

The purpose of this letter is to explain that decision.

## **1. Findings, particulars and reasons for decision**

Upon receipt, your request was forwarded to the relevant sections of An Garda Síochána where a search was conducted in respect of same and a number of records were identified. Schedule of records is herewith attached outlining the identified records and the redactions that have been applied to same. Duplicated copies of records have been redacted and these are also outlined in the attached schedule of records.

### **Section 2 – Interpretation of the Act**

Under the FOI Act, records are released without any restriction as to how they may be used and thus, release under the FOI Act is in effect regarded as being released to the world at large. As a result, I am conscious of my obligations to retain personal information in a confidential and secure manner and prevent personal information from being released into the public domain unnecessarily. Section 2 of the FOI Act defines personal information as follows:

#### **2.(1) In this Act—**

*"personal information" means information about an identifiable individual that, either—*

- (a) would, in the ordinary course of events, be known only to the individual or members of the family, or friends, of the individual, or*
- (b) is held by an FOI body on the understanding that it would be treated by that body as confidential,*

*and, without prejudice to the generality of the foregoing, includes –*

- (iii) information relating to the employment or employment history of the individual*

### **Section 37 – Personal Information**

Section 37(1) provides that a public body shall refuse to grant a request if access to the record concerned would involve the disclosure of personal information. Furthermore, Section 37(7) provides that a public body shall refuse to grant a request if access to the record concerned would, in addition to involving the disclosure of personal information in relation to the requester, would also involve the disclosure of personal information relating to individuals other than the requester, commonly referred to as joint personal information. As such, I am satisfied that the records listed for redaction in the enclosed schedule of records consist of personal information, including joint personal information of third parties. Accordingly, I find that Section 37(1) and (7) of the Act applies to the records at issue. Section 37(1) and (7) of the FOI Act are as follows:

*37(1) Subject to this section, a head shall refuse to grant an FOI request if, in the opinion of the head, access to the record concerned would involve the disclosure of personal information (including personal information relating to a deceased individual)*

- (7) Notwithstanding paragraph (a) of subsection (2), a head shall, subject to paragraphs (b) to (e) of that subsection and subsections (5) and (8), refuse to grant an FOI request if, in the opinion of the head, access to the record concerned would, in addition to involving the disclosure of personal information relating to the requester, also involve the disclosure of personal information relating to an individual or individuals other than the requester.*

I am refusing to provide the information contained within the specific records because I believe that it is the personal information of other third parties as per Section 37 of the FOI Act. The release of this information, which is specific to individual(s), is considered personal information.

In addition, a number of redactions have been made in accordance with Section 36(1)(b) and (c) of the FOI Act wherein:

***Commercially sensitive information***

**36. (1) Subject to subsection (2), a head shall refuse to grant an FOI request if the record concerned contains—**

- (b) *financial, commercial, scientific or technical or other information whose disclosure could reasonably be expected to result in a material financial loss or gain to the person to whom the information relates, or could prejudice the competitive position of that person in the conduct of his or her profession or business or otherwise in his or her occupation, or***
- (c) *information whose disclosure could prejudice the conduct or outcome of contractual or other negotiations of the person to whom the information relates.***

I am satisfied that the release of the breakdown of the cost of the service provided would prejudice the competitive position of the supplier by making the cost per unit publically known. This information therefore is commercially sensitive in accordance with the provisions of Section 36 of the FOI Act.

I am cognisant of the fact that the release of information under the Act is, in essence, a release to the public at large. The pricing structure of the supplier with regard to products and services provided to An Garda Síochána is not known to competitors or the public in general. If the records were made available to you it is reasonable to expect that it would prejudice the ability of the supplier to compete in other contracts or negotiations in the future as competitors would be aware of their pricing structure.

I am of the view that the release of the pricing structure could reasonably be expected to result in a material financial loss by the supplier as it could prejudice their competitive position in the conduct of their business. The placing of these pricing structures into the public domain could also reasonably be expected to give a competitive advantage to other companies seeking similar contracts with public bodies.

Furthermore the supplier's current customers may become aware of a potential difference in pricing structures being offered to An Garda Síochána which could prejudice any current or future negotiations with these customers.

**Public Interest Test**

There is a Public Interest Test associated with both Section 36 and 37 of the FOI Act whereby my decision must be made having fully considered the public interest relevant to this request.

I have considered the public interest issues which arise in this case and have taken account of the following factors in favour of release:

- Ensuring openness and transparency of organisational functions to the greatest possible extent.
- The public interest in members of the public exercising their rights under the FOI Act.
- That there is more than just a transitory interest by the public in this information being released.
- The right to commercial confidentiality is outweighed by the needs of the public regarding the expenditure of public funds by a public body.
- That there is no overriding public interest that outweighs the individual's right to privacy.

In considering the public interest factors which favour withholding the records I have taken account of the following:

- Allowing a public body to hold commercial information without undue access by members of the public.
- The best course of action which is in the public interest with regard to these records.
- That An Garda Síochána can conduct its business with external contractors in a confidential manner.
- That there is a reasonable and implied expectation that both sensitive personal information will remain confidential, and contractors financial information pertaining to services provided will be held in a confidential manner.
- That there is no overriding public interest that outweighs the right to privacy by an individual or in this case the financial activities of a service provider.

Having balanced the factors both for and against the release of the information, I decided that the public interest in preserving personal information outweighs the public interest which would be served were the records released to you.

I am also satisfied that the release of the individual breakdown of costs charged by the supplier amounts to the release of commercially or industrially confidential information and that the release of such information would adversely affect the service provider by prejudicing their competitive position.

Furthermore a number of redactions have been made to these records in accordance with Part 1(n) of Schedule 1 of the Act. Part 1(n) of Schedule 1 of the FOI Act states that An Garda Síochána is listed as a partially included agency *"insofar as it relates to administrative records relating to human resources, or finance or procurement matters"*. Therefore, only administrative records that relate to human resources, finance or procurement shall be considered for release.

Records which do not relate to finance, procurement or human resource matters fall outside the scope of the FOI Act insofar as it relates to An Garda Síochána and cannot be released.

## **2. Right of Appeal**

In the event that you are not happy with this decision you may seek an Internal Review of the matter by writing to the address below and quoting reference number **FOI-000289-2021**.

**You must ensure that your FOI reference number (FOI-000289-2021) is included in the payment details.**

You should submit your request for an Internal Review within 4 weeks from the date of this notification. The review will involve a complete reconsideration of the matter by a more senior member of An Garda Síochána and the decision will be communicated to you within 3 weeks. The making of a late appeal may be permitted in appropriate circumstances.

Please be advised that An Garda Síochána replies under Freedom of Information may be released in to the public domain via our website at [www.garda.ie](http://www.garda.ie).

Personal details in respect of your request have, where applicable, been removed to protect confidentiality.

Should you have any questions or concerns regarding the above, please contact the FOI Office by telephone at (046) 9036350.

Yours sincerely,

**ASSISTANT PRINCIPAL**

**PAUL BASSETT**

**FREEDOM OF INFORMATION OFFICER**

**RE: Rodent Issue in the Surrounding Area of Monaghan Station**

In reference to above, it has been highlighted to the District Office that due to the disturbance of grounds relating to the works at Monaghan Peace Campus Site beside Monaghan Garda Station there has been an influx of rodents in the Plantation Road area, Monaghan County Council have been informed of the same and are taking action in the Public areas.

As the Monaghan Garda Station grounds are beside these works there have been reports from Members and Garda Staff of rodents (rats) on the external station site, as such we are seeking approval to have Rentokil tasked with rebaiting and laying bait traps at Monaghan Station. Due to quantity of rodents and the potential risk of these rodents making their way into the Station or Official Transport at the Station we hope this application can be considered as matter of urgency. We await a quote from Rentokil.

Recommended and forwarded for your consideration, please.

MAGEE ENVIRONMENTAL

Date of Expense Incurred	Invoice No.	Particulars	Amount €	Name (block capitals of person to whom each Order should be made out)
20/12/2019	#44	Annual Pest Control Service & Proofing Works	880.00	Magee Environmental, Pest Management Services, Toberlioni, Ballyconnell, Co. Cavan.
		<b>TOTAL</b>	<b>€880.00</b>	

I certify that the above account is correct in every particular, that the expenses were necessarily incurred and that the service could not have been performed for a less sum: that any repairs executed were rendered necessary by fair wear and tear, that all stores purchases have been taken on charge on official store accounts and that no part of these expenses has been previously claimed.
