Re: Freedom of Information Request FOI-000365-2018 Request Refused

Dear

I refer to your request, dated and received on 29th August, 2018 which you have made under the Freedom of Information Act 2014 (FOI Act) for records held by An Garda Síochána.

Part 1(n) of Schedule 1 of the FOI Act states that An Garda Síochána is listed as a partially included agency “*insofar as it relates to administrative records relating to human resources, or finance or procurement matters*”. Therefore, only administrative records that relate to human resources, finance or procurement shall be considered.

Your request sought:

Under the Freedom of Information Act can you provide me with any plans or contingency documents in relation to Brexit and a no deal brexit created in the last year.

I am after any contingency planning to do with Brexit and the border

I wish to inform you that I have decided to refuse your request on 7th September, 2018.

The purpose of this letter is to explain my decision.

1. Findings, particulars and reasons for decision

Section 6(2)(a) of the FOI Act provides that an entity specified in Schedule 1, Part 1 of the Act shall, subject to the provisions of that Part, be a public body for the purposes of the FOI Act. Schedule 1, Part 1 contains details of bodies that are partially included for the purposes

1

of the FOI Act and also details of the certain specified records that are excluded. If the records sought come within the description of the exclusions of Part 1, then the FOI Act does not apply and no right of access exists.

Part 1(n) of Schedule 1 of the FOI Act provides that An Garda Síochána is not a public body for the purposes of the FOI Act other than in relation to administrative records relating to human resources, or finance or procurement matters.

The term “administrative records” is understood to mean records relating to the processes of running and managing a business or organisation. I am therefore refusing your request as it falls outside the scope of the FOI Act insofar as the records do not meet the criteria of administrative records as defined in the Act.

However, with regard to your request, please be advised that an interdepartmental working group has been established and is chaired by the Department of Justice and Equality and following consultation with the Office of the Deputy Commissioner for Policing & Security, this office has been advised that there is no representation from HR or finance on this working group.

With regard to resourcing, please be advised that An Garda Síochána is currently engaged in a recruitment programme to increase the size of the Force to 15,000 Garda members by 2021. The resourcing of each Garda region and division is fully considered within the overall context of the needs and requirements of Garda regions throughout the country. Garda personnel assigned throughout the country, together with overall policing arrangements and operational strategies, are continually monitored and reviewed. Such monitoring ensures that optimum use is made of Garda Resources and the best possible Garda service is provided to the general public.

The allocation and transfer of Garda Personnel is determined by a number of factors, including crime and non-crime workload, minimum establishment, population, area, policing arrangements, operational strategies and transfers applications, including welfare issues. When allocations are taking place, comprehensive consultation is carried out with Local Management during which all factors are taken into consideration. Where a deficiency in resources is identified the matter is considered fully and addressed accordingly.
