## **Re: Freedom of Information Request FOI-000120-2017 Request Granted**

*Dear Ms Casey,*

I refer to the Freedom of Information Act 2014 (FOI Act) and your request to An Garda Síochána dated and received on the 27<sup>th</sup> February, 2017.

Part 1(n) of Schedule 1 of the FOI Act states that An Garda Síochána is listed as a partially included agency “*insofar as it relates to administrative records relating to human resources, or finance or procurement matters*”. Therefore, only administrative records that relate to human resources, finance or procurement shall be considered.

Your request sought:

*All material which shows the cost of policing each city in Ireland in 2015, broken down by each area of each city.*

I wish to inform you that I have decided to grant your request on 6<sup>th</sup> April, 2017.

The purpose of this letter is to explain my decision.

### **1. Findings and particulars**

An Garda Síochána operate on a Divisional basis and the information received by the Finance Directorate is broken down in this regard. The policing of Dublin City and County falls under the remit of the Dublin Metropolitan Region (DMR) which is

commanded by an Assistant Commissioner. The DMR is divided into six (6) Divisions each commanded by a Chief Superintendent. Each of the six divisions has responsibility for the policing of an area which is defined by operational needs and may span both city and county areas. It is therefore not possible to identify the costs specifically for the policing of Dublin City.

The DMR is also policed by the DMR Traffic Section based at Dublin Castle.

I advise that the costs incurred by the DMR for policing in 2015 is broken down by Division which is detailed in Table A below.

**Table A:**

<b>Division</b>	<b>Total Expenditure €</b>
DMR North Central	48,461,398.59
DMR East	28,945,715.52
DMR North	53,948,968.26
DMR South	41,521,605.90
DMR Traffic	10,551,639.39
DMR West	54,589,674.16
DMR South Central	60,591,897.34

Table B below outlines the cost of policing for the five other Divisions containing the cities of Cork, Kilkenny, Limerick and Galway.

As previously advised in respect of the DMR Region, An Garda Síochána operates on a Divisional basis. The Divisions listed below incorporate the main cities of Ireland and it is therefore not possible to identify the costs specifically for the policing of each of the cities as requested. As a result, the figures below include the county areas of their Division as per the DMR Region. However, Cork City is an isolated Division and the cost outlined below does not incorporate the cost of policing for County Cork.

**Table B:**

<b>Division</b>	<b>Total Expenditure €</b>
Cork City	48,338,813.62
Kilkenny	21,400,736.31
Limerick	41,970,163.33
Galway	43,967,416.89

On reviewing your previous request (FOI-000083-2017), it was noted that the cost of policing in Waterford City was not included in the costings.

In this regard, I am now including Waterford City for 2015 and 2016.

<b>Division</b>	<b>Total Expenditure €</b>	
Waterford City	<b>2015</b>	<b>2016</b>
	20,444,506.01	20,307,715.88

The categories inclusive in the policing costs of the above cities are listed below and are provided to the Comptroller and Auditor General for the publication of the appropriation accounts:

- Salaries, wages and allowances
- Travel and subsistence
- Training and development and incidental expenses
- Postal and Telecommunications Services
- Office Equipment and External IT Services
- Maintenance of Garda premises
- Consultancy services and value for money and policy reviews
- Station Services
- Garda Reserve

In addition, the nature of Garda work and the requirement that the Garda authorities respond, in some cases at short notice, to immediate policing demands means that there is a necessity to incur overtime expenses to ensure effective policing. Accordingly, there will always be a need for a certain level of overtime to allow An Garda Síochána flexibility when responding to circumstances that require additional resources for specific operations. These additional resources will have to be over and above those available from Gardaí on rostered duty thus ensuring the continuation of normal policing.

Garda personnel assigned throughout the country, together with overall policing arrangements and operational strategy, are continually monitored and reviewed and is determined by a number of factors including population, crime trends and as the policing needs of each individual division dictates. Such monitoring ensures that optimum use is made of Garda resources, and the best possible Garda service is provided to the general public.

In regard to the deployment of Garda personnel, a distribution model is used which takes into account all relevant factors including population, crime trends and as the policing needs of each individual Division dictates. It is the responsibility of the Divisional Officer to allocate personnel within his/her Division.
