Re: Freedom of Information Request FOI-000015-2020 Request Granted

Dear

I refer to your request, dated 4th January, 2020 and received on 6th January, 2020 which you have made under the Freedom of Information Act 2014 (FOI Act) for records held by An Garda Síochána.

Part 1(n) of Schedule 1 of the FOI Act states that An Garda Síochána is listed as a partially included agency "insofar as it relates to administrative records relating to human resources, or finance or procurement matters". Therefore, only administrative records that relate to human resources, finance or procurement shall be considered.

Your request sought:

Under the Freedom of Information Act 2014, I would like to request a list of all the charges levied by An Garda Síochána for policing duties - essentially non-public duty - at events in Ireland in (i) 2017, (ii) 2018 and (iii) 2019, along with details of each event - ie the name, address, date - and whether the sums has been paid in each case.

In this regard, I have decided to grant your request on the 30th January, 2020.

The purpose of this letter is to explain that decision.

1. Findings, particulars and reasons for decision

On receipt your request was forwarded to the Finance Section of An Garda Síochána who have provided this office with that attached tables. The tables attached provide details of the requested information for the years 2017, 2018 and 2019.

1

Non-public duty is performed by members of An Garda Síochána under arrangements made with organisers of events such as football matches, concerts and race meetings, etc. who seek to engage the services of members of An Garda Síochána to perform duties to which they would not normally be assigned.

Members of An Garda Síochána have been made available for the performance of such duties and the State has charged for their services. This work is normally performed by members who would otherwise be off duty. It is generally the practice to charge organisations for the costs of duties performed by members inside the event.

In general, the cost of policing duties performed by Gardaí outside the event such as traffic control, beat patrols and other public policing duties which would be additional to those normally performed at the location, are not paid by the organisation hosting the event but fall to be paid from the Garda Vote. However, at some specific larger events An Garda Síochána seeks a contribution from the promoters to overall policing costs. In this regard, I advise that the level of contribution to be made to An Garda Síochána is agreed by the local District Officer with the organisers, taking into account the nature and size of the event.

At all times, it is the policy of An Garda Síochána that the safety of the public must be the ultimate concern.

2. Right of Appeal

In the event that you are not happy with this decision you may seek an Internal Review of the matter by writing to the address below and quoting reference number **FOI-000015-2020**.

BIC: BOFIE2D

You should submit your request for an Internal Review within 4 weeks from the date of this notification. The review will involve a complete reconsideration of the matter by a more senior

member of An Garda Síochána and the decision will be communicated to you within 3 weeks. The making of a late appeal may be permitted in appropriate circumstances.
